9. **What is the name of the author of the book?** **John**  
10. **What is the name of the book?** **John**

QUESTIONER: Do you have any information on the possible use of the  
HIV virus as a biological weapon? Do you have any information on the  
fact that the AIDS virus was developed in a laboratory in the United  
States? Do you have any information on the possible use of the AIDS  
virus as a biological weapon?

I finally got the time to go and see the new movie, *Madagascar*, and I have to say, I am blown away. I have seen a lot of movies in my life, but this one is definitely one of the best. It's funny, it's heartwarming, and it's just a great movie. I highly recommend it to everyone.

1000 ft. above the sea level or having road out to sea  
1000 ft. above the sea level.

19. *Leucosia* *leucostoma* (Fabricius) *leucostoma* (Fabricius) *leucostoma* (Fabricius)
